STATISTICALLY SPEAKING

your record book

With just a fortnight to go, for the curtain to come down on the intramural competitions for the year, the question everyone is asking everyone else - The million dollar question - Who's winning the SCHROETER ?. Wanna make a fair guess ?, go ahead get your statistics right-the league positions, seeds-the works.

The Schroeter has been with Godav for the last two years. Godav, in fact, have won it the maximum number of times closely followed by Saras. Alak, Mandak, Narmada, B'putra and Krishna have never won it. Among them Narmada has been having a go at it three years running now.

The race for the Schroeter is turning out keener with every passing year. Normally, it is a straight trade off between two hostels but this year a few hostels are in the field and a fortnight from now one of these hostels will reverberate with the sounds of joy, the sound of victory.

The Schroeter scene has become so intense, so thick, so intricate that Cauvery, a pushover over the past few years is making a strong bid - so much so that their cheering squads nearly match those of Jamuna. So its on to Sports day now ..April 3, 1982 will see hours of learning and practice, sweat and toil, brilliance and mastery being rewarded - with cups, shields, medals and certs.

We may have G.Jaganath (TT) or V.Bhaskaran(Hockey) or Venkataraghavan (of Hema Malini fame) with us on that day. we will be with you right thro'.
